# PLL-AC-JS280FG

## Door Magnet Lock

### Specification

|                               |                                                   |
|-------------------------------|---------------------------------------------------|
| <b>Model</b>                  | <b>PLL-AC-JS280FG</b>                             |
| <b>Installation method:</b>   | Surface mounting Compatible & Glass door Mounting |
| <b>Door type:</b>             | Single door Alarm                                 |
| <b>Function:</b>              | Light, feedback                                   |
| <b>Lock body dimensions:</b>  | 250*48*25.4 (mm)                                  |
| <b>Iron plate dimensions:</b> | 180*38*11 (mm)                                    |
| <b>Tensile strength:</b>      | 230 kg                                            |
| <b>Input voltage:</b>         | 12V                                               |
| <b>Operating current:</b>     | 380 mA                                            |
| <b>Product weight:</b>        | 1.76 kg                                           |
